New radio sessions from 2GB

Already from Station 2GB a number of new features have made their appearance on the air since the new year opened.

There are only a few more weeks of this 2GB program before the new features take over the air. These new features will be announced in the next week's edition of The Australian Women's Weekly.

The new features include a new daily feature called *Star Barometer*, which will be broadcast at 7:30 pm each Sunday night. This feature will feature the latest news and reviews from the world of radio, including interviews with popular stars and reviews of the latest radio programs.

The new features also include a new musical revue called *A to Z Musical Revue*, which will be broadcast on Merry Saturday Night. This revue will feature a variety of musical numbers and sketches, performed by some of the most talented stars of the radio industry.

The new features also include a new police bulletin feature called *Police Bulletins*, which will be broadcast on the radio every Monday night. This feature will provide the latest news and updates on police activities, as well as interviews with police officers and detectives.

The new features also include a new musical feature called *The Courier-Mail* (Brisbane), 31 January 1945, p.6.
